

WALLTOPIA TRAMPOLINES

THE CONCEPT

Jump into the adventure

Walltopia Trampolines are unharnessed activity for the whole family. It is a multi-activity playground suitable for all age groups.

THE EXPERIENCE

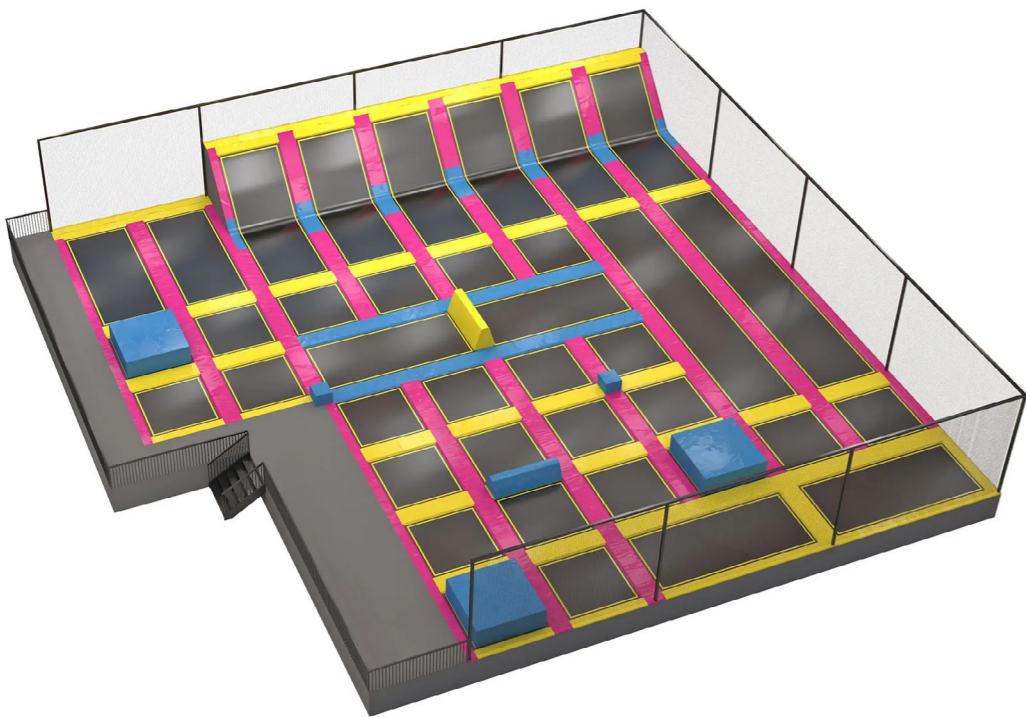

Trampolines have come a long way since the simple jumping mat.

We offer a wide range of games and obstacles to enhance the trampoline experience. Incorporate features like air bags, battle beams, foam pits, soft parkour obstacles, or climbing walls. For group activities, consider adding a basketball court or dodge ball court. Add the ValoJump technology for interactive fun in your center.

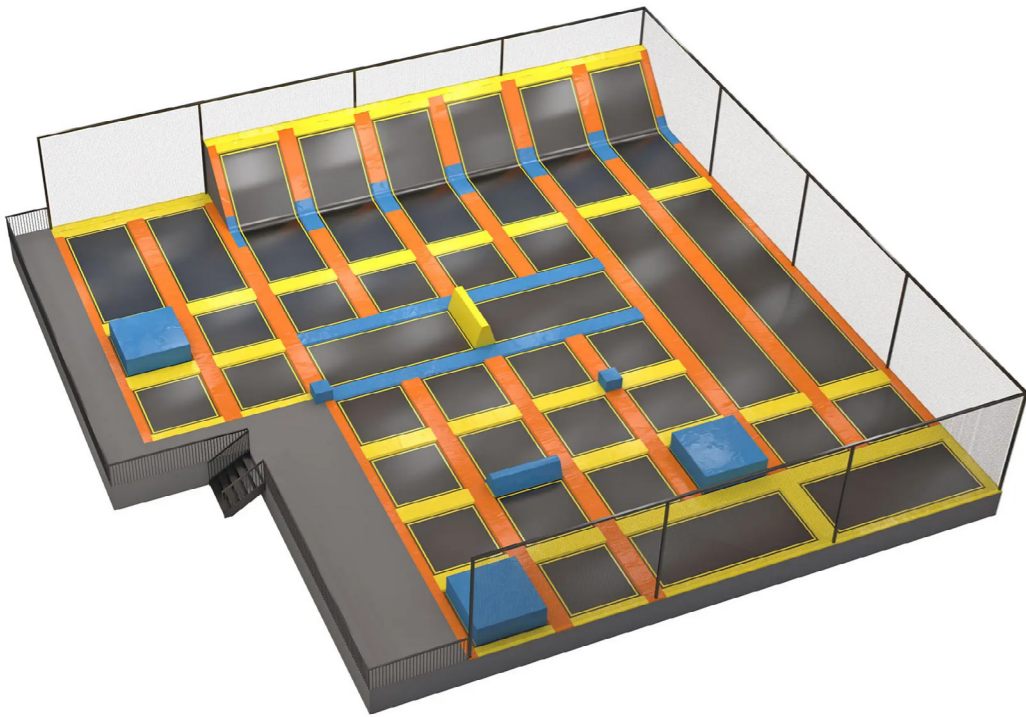

To cater to advanced jumpers add a variety of trampoline beds, such as long lanes, slide trampolines, and angled trampolines. Additionally, do not forget to designate a kids' court for the youngest jumpers.

MAIN COURT ARENA

- Standart square trampoline beds
- Long lanes
- Angled trampolines
- Cube obstacles
- Jumping boxes

Length	25.5m (83.6ft)
Width	24.4m (80ft)
Height	5.10m (16.7ft)
Footprint	580sqm (6243sqft)
Suitable for	Indoor and Outdoor
Capacity	75 ppl at the same time

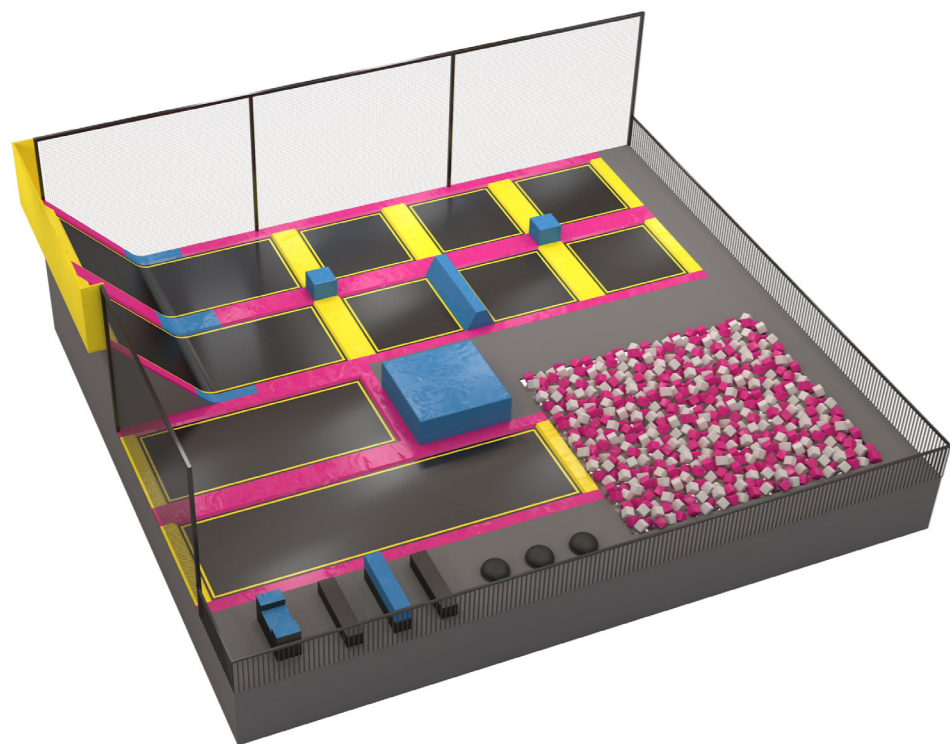

Additional information

- Age group: 5+yrs
- User weight restriction: max 135kg (297lbs)
- Single section size: 3m x 3m (9.8ft x 9.8ft)
- Size customization: Available
- Colors customization: Available
- Design customization: Available
- Footprint trampolines: 514sqm (5532sqft)
- Footprint platforms: 62sqm (667sqft)
- Min ceiling height required: 5.2m (17ft)
- Anchoring method: Self-standing
- Applicable standard: ASTM F2970-22, CSN EN 13219, BS PASS 5000-2017

FOAM PIT COURT

- Standard trampoline beds
- Foam pit
- Battle Beam
- Jumping Platform
- Climbing Wall
- Hex Caterpillar

Length	19.7m (64.6ft)
Width	13m (42.6ft)
Height	5.55m (18.2ft)
Footprint	256sqm (2755sqft)
Suitable for	Indoor and Outdoor
Capacity	34 ppl at a time

Additional information

- Age group: 5+yrs
- User weight restriction: max 135kg (297lbs)
- Climbing wall panels: 75 sqm (807sqft) climbing surface
- Size customization: Available
- Colors customization: Available
- Design customization: Available
- Footprint trampolines: 36sqm (387sqft)
- Footprint platforms: 94sqm (1011sqft)
- Footprint foam pit: 109sqm (1173sqft)
- Min ceiling height required: 5.2m (17ft)
- Anchoring method: Self-standing
- Applicable standard: ASTM F2970-22, CSN EN 13219, BS PASS 5000-2017

TECHNOLOGY

STANDARTS

Our trampolines are designed and engineered accroding to US and European standards:

CSN EN 13219

Gymnastic equipment,
Trampolines,
Functional and safety
requirements, test
methods

ASTM F2970-22

Standard practice for
design, manufacture,
installation, operation,
maintenance,
inspection and major
modification of
trampoline courts

BS PASS 5000-2017

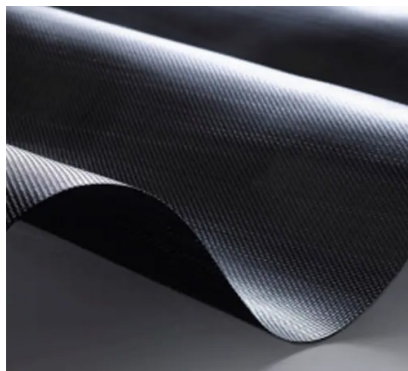

Specification for the
construction and
operation of a fixed
indoor trampoline park

SPRINGS

The springs are made of specialized music wire

- Extra strong: feel safe to perform all kinds of acrobatics
- Excellent elastic properties: ensure smooth absorption of kinetic energy while jumping
- Highly durable: last longer compared to galvanized steel springs and decrease expenses for consumables.

TRAMPOLINE FABRIC

- Thermally interlocked to provide a smooth surface that adds extra comfort to the customers
- Made of polypropylene and loaded with carbon, the woven fabric has high tensile strength
- Excelent UV protection
- Resistant to mold and water
- Perfect elastic properties: always returns to flat position, doesn't stretch, crease or fold
- Manufactured in an ISO-certified facility, guaranteeing the highest quality fabric

TECHNOLOGY

PADDING

- Durable foam filling with vinyl finish
- Available in a wide range of colors

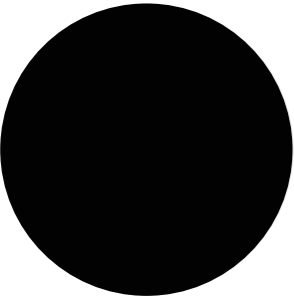

SAFETY NET

Located at the edges of the trampoline courts, safety nets increase protection by preventing falls outside the attraction.

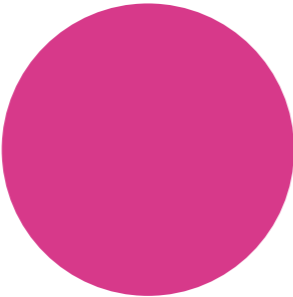

COLORS

TRAMPOLINE BEDS

OVER 2000 PROJECTS
IN 80+ COUNTRIES ON 6 CONTINENTS

Founded in Bulgaria in 1998, Walltopia is a world leader in the Climbing and Adventure & Leisure industries. The company started out with the purpose of designing and manufacturing the most advanced climbing facilities in the world.

Our passion for science, technology and our obsession with excellence and safety, made us a leader and top expert in the Climbing and Active Entertainment industries.

We pride ourselves with our highly complex projects that always deliver expected results – starting with the design, moving on to the installation and finally – the certification.

Today we have the largest portfolio of classic and novel attractions that combine fun and entertainment with healthy doses of adrenaline for people of all ages. With sales offices in the USA, China and head office in Sofia, Bulgaria, and four production plants employing more than 500 people, to this day, we have produced over 2000 projects in 80+ countries and on 6 continents.

Our products are installed across adventure parks, amusement parks, shopping malls, gyms, recreational areas, ski resorts, schools and universities, hotels, and more.
