

WALLTOPIA

SLIDES

THE SLIDE

Custom-designed slides for all age groups

Walltopia Slides are universal, fit-for-all attractions, either as stand-alone or as an easy addition to any attraction facility or playground.

Suitable for indoor and outdoor venues, slides add attractiveness and adventure for all visitors in a safe environment, while keeping maintenance cost to the minimum.

The optimal solution to diversify entertainment centers' experience, enhance capacity and drive footfall.

Slides combine perfectly with Adventure trails, Net Mazes, Cloud Climbs and other Walltopia attractions.

THE BENEFITS

Enhance your venue with a versatile fun-for-all attraction

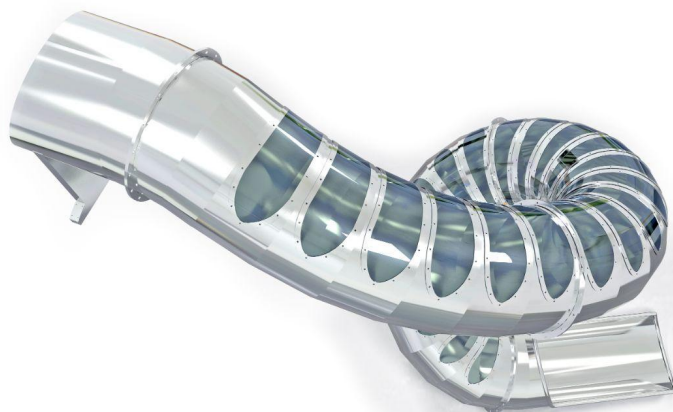

- Custom design, optimizing space utilization and seamless fit with the environment.
- Versatile applications in a wide range of venues such as shopping malls, offices, hotels and resorts, zoos, waterparks, and more.
- No need for harness, just the thrill of heights and speed.
- Highest quality engineering and production in compliance with international safety standards.

THE STRUCTURE

Technical specification tube stainless steel slides

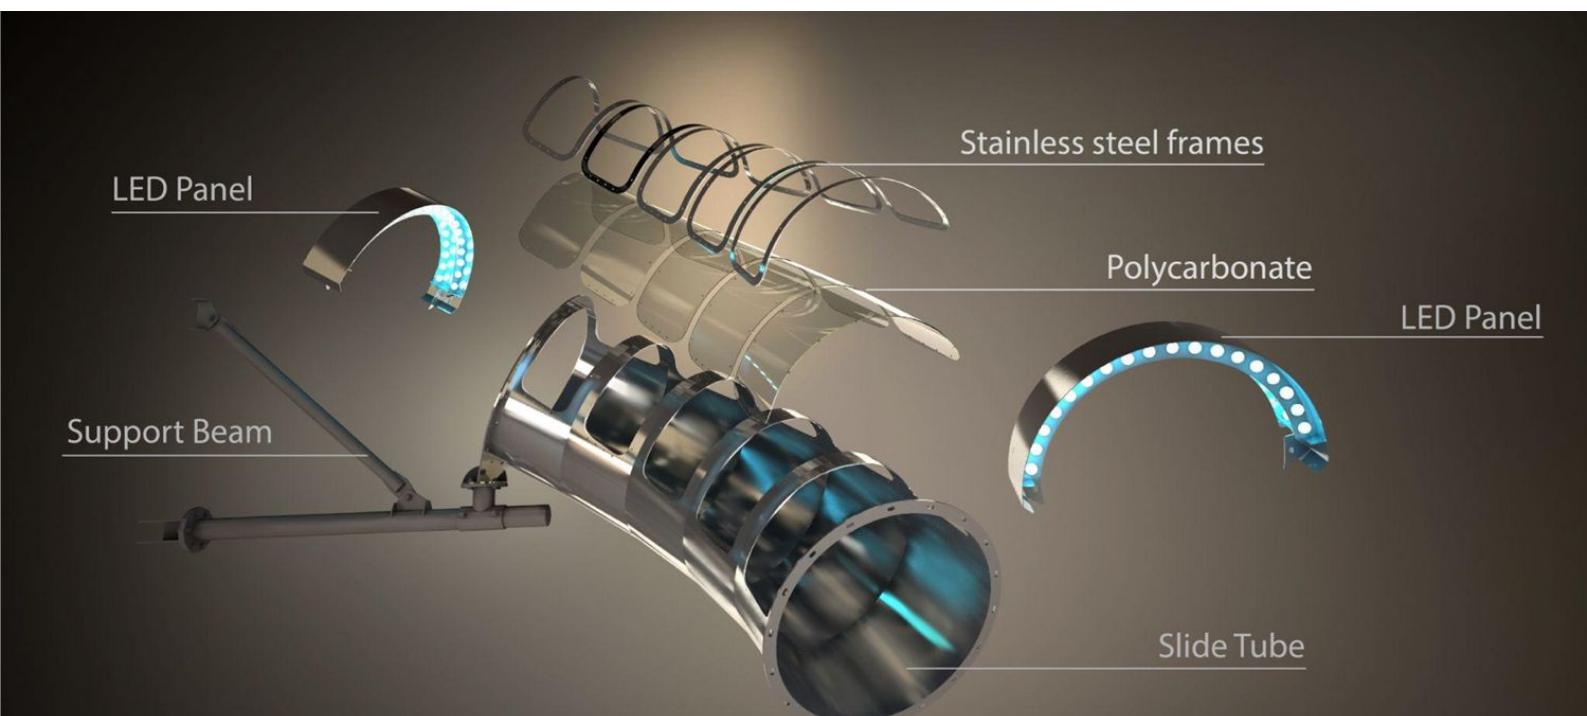

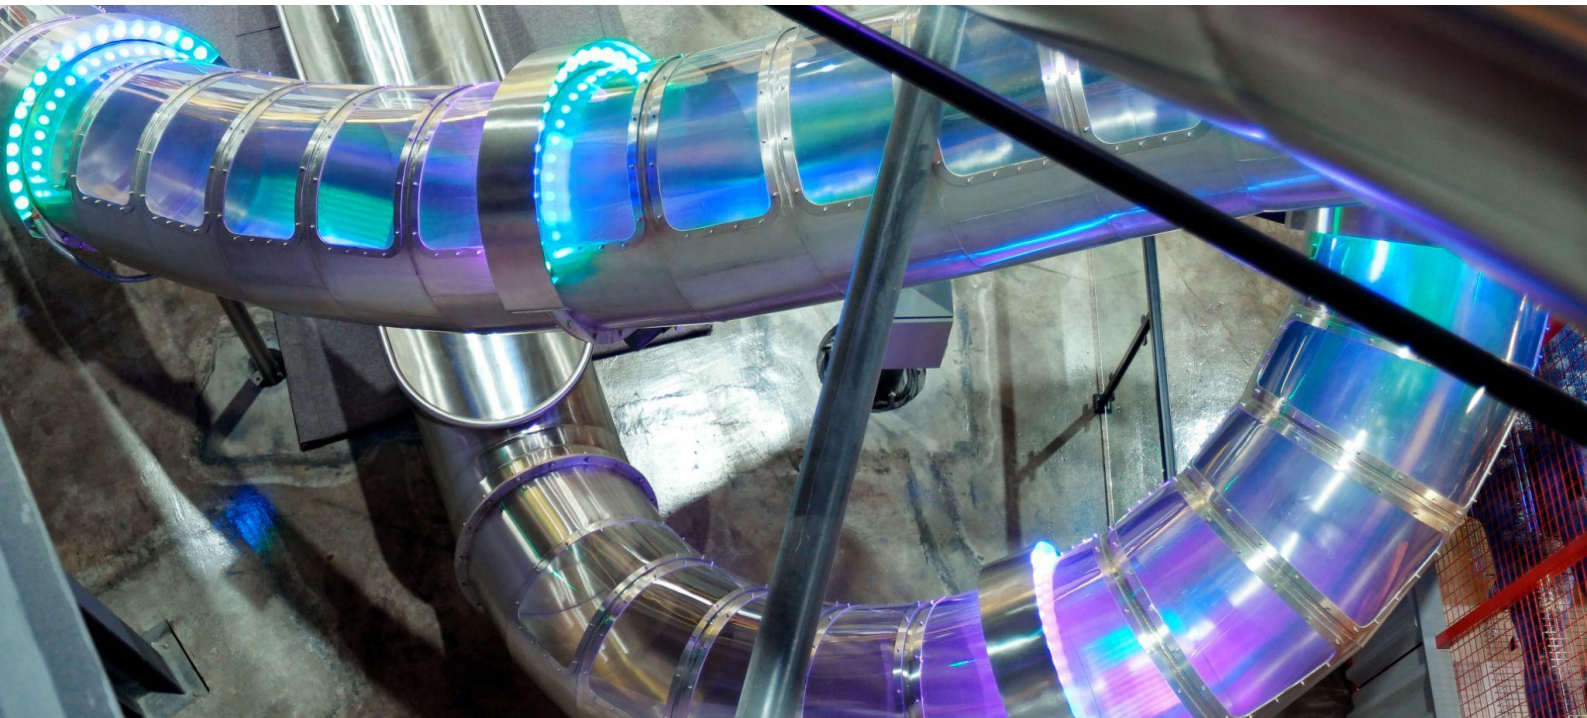

- **Material of the slide: Stainless Steel AISI 304/316, polished outside surface**
- Sheet thickness: 2,5mm
- Connection flanges: stainless steel, thickness 8 mm
- Slide diameter: 800 mm
- Polycarbonate portholes allow light into the tube for more comfort.
- Outstanding quality - everything welded exclusively using the TIG (WIG) method
- Smooth welds on the inside of the slide

TYPES OF SLIDES

Tube stainless steel slides with polycarbonate

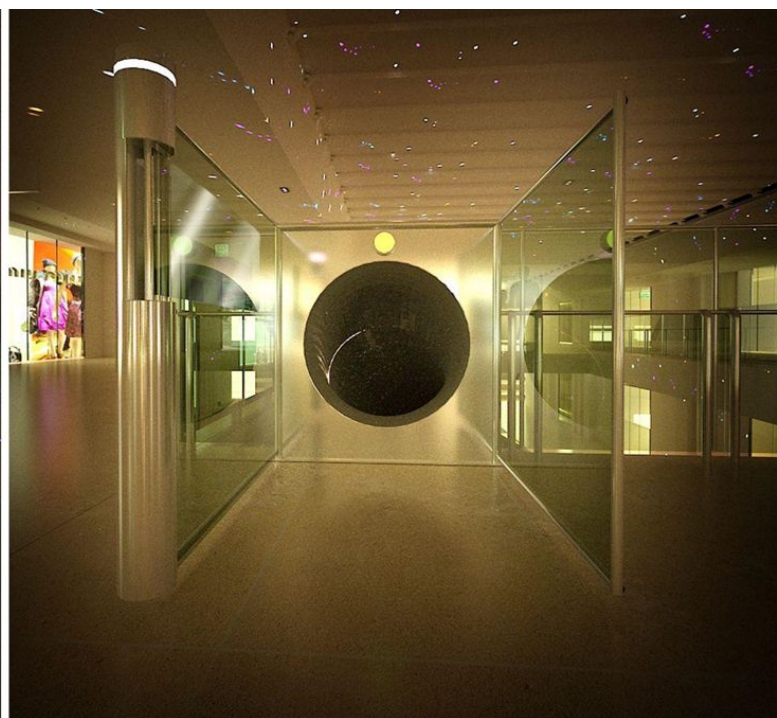

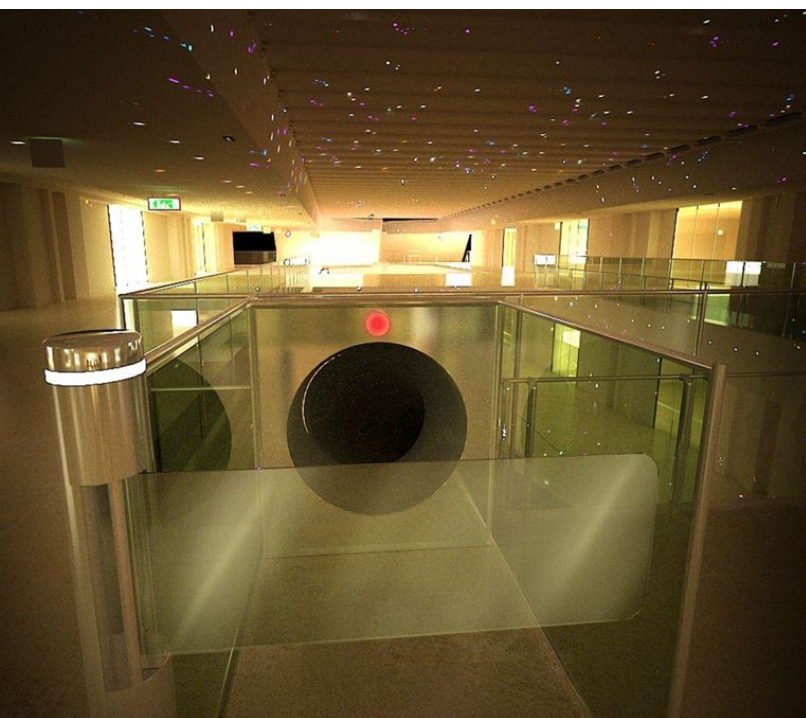

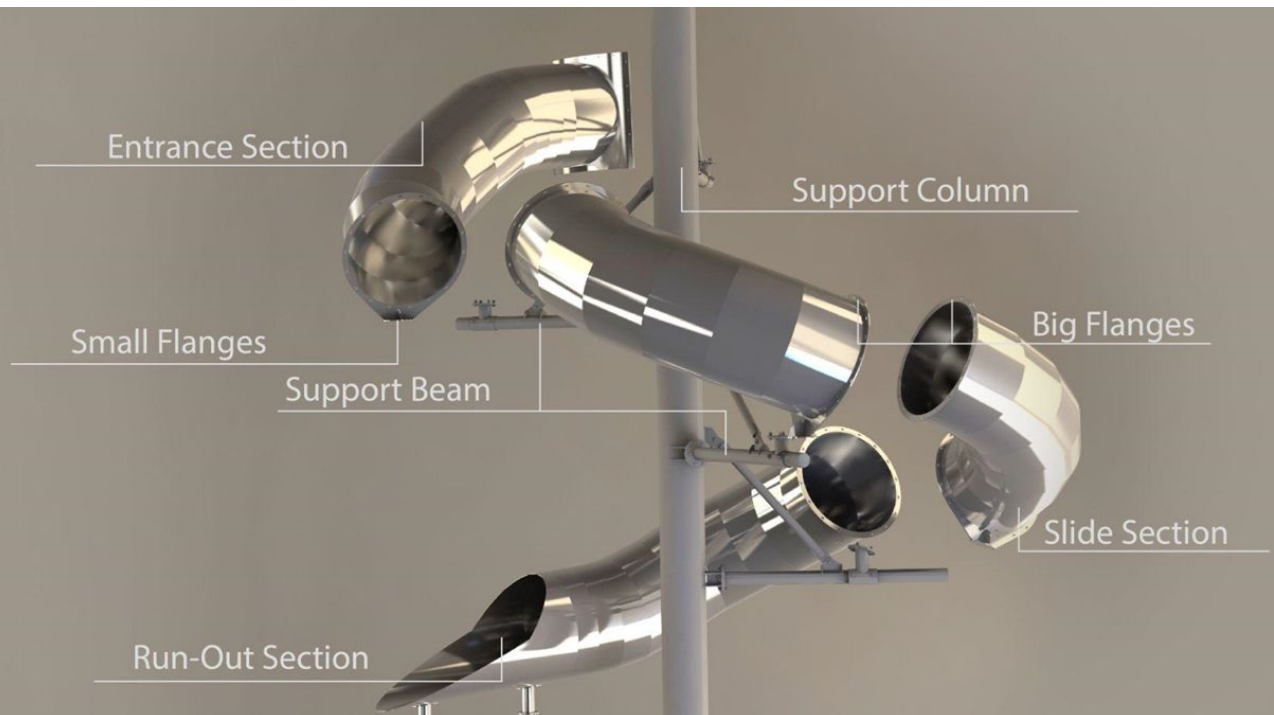

- Polycarbonate windows add comfort for the participant and enhance the look of the slide.
- LED panels increase attractiveness.

WALLTOPIA

OVER 2000 PROJECTS
IN 80+ COUNTRIES ON 6 CONTINENTS

Founded in Bulgaria in 1998, Walltopia is a world leader in the Climbing and Adventure & Leisure industries. The company started out with the purpose of designing and manufacturing the most advanced climbing facilities in the world.

Our passion for science, technology and our obsession with excellence and safety, made us a leader and top expert in the Climbing and Active Entertainment industries.

We pride ourselves with our highly complex projects that always deliver expected results – starting with the design, moving on to the installation and finally – the certification.

Today we have the largest portfolio of classic and novel attractions that combine fun and entertainment with healthy doses of adrenaline for people of all ages. With sales offices in the USA, China and head office in Sofia, Bulgaria, and four production plants employing more than 400 people, to this day, we have produced over 2200 projects in 80+ countries and on 6 continents.

Our products are installed across adventure parks, amusement parks, shopping malls, gyms, recreational areas, ski resorts, schools and universities, hotels, and more.
