

WALLTOPIA

ADVENTURE **TRAIL**

THE CONCEPT

Exciting adventures await you in Adventure Trail's labyrinth of nets

Walltopia's Adventure Trails is an elevated playground that allows participants to experience the thrill of heights without the need for a harness.

Its challenging tunnels of nets and obstacles are a great way to diversify entertainment centers and deliver unique emotions in a safe environment.

THE STRUCTURE

Theming - materials & structure

Adventure Trail offers unmatched theming possibilities with a variety of materials and finishes to choose from.

- The structure can be self-standing, suspended from the ceiling, or combined with another attraction, making it highly versatile and customizable. It ensures the durability and aesthetic finish of your adventure course with three customizable sheathing options.
- The variety of materials that can be used for creating the Adventure Trail unlocks the potential of creating almost every theme possible.

Nets, obstacles & games

Adventure Trail uses combination ropes, made with a high-strength polyamide fiber core and 6 galvanized steel strands, for the base nets, and polyester ropes for all other parts of the net.

Inside these nets, multiple obstacles can be placed to challenge visitors and enhance their experience. They are easy to replace and rearrange. Here are some examples:

Ropes

Punching Bags

Balls

Spider web

Adventure Trail's nets are offered in 3 different shapes—triangular, rectangular and circular. The combination of obstacles and net shape allows for the creation of truly exceptional experiences for the participants and ensure the uniqueness of each Adventure Trail we deliver.

Circular

Rectangular

Triangular

Adventure Trail offers a range of exciting games to add to your course, including Tic-Tac-Toe, Labyrinth Escape, and a 3x3 Sliding Puzzle. These games will challenge and engage participants, adding an extra element of fun to their experience.

OVER 2400 PROJECTS
IN 80+ COUNTRIES ON 6 CONTINENTS

Founded in Bulgaria in 1998, Walltopia is a world leader in the Climbing and Adventure & Leisure industries. The company started out with the purpose of designing and manufacturing the most advanced climbing facilities in the world.

Our passion for science, technology and our obsession with excellence and safety, made us a leader and top expert in the Climbing and Active Entertainment industries.

We pride ourselves with our highly complex projects that always deliver expected results – starting with the design, moving on to the installation and finally – the certification.

Today we have the largest portfolio of classic and novel attractions that combine fun and entertainment with healthy doses of adrenaline for people of all ages. With sales offices in the USA, China and head office in Sofia, Bulgaria, and four production plants employing more than 250 people, to this day, we have produced over 2400 projects in 80+ countries and on 6 continents.

Our products are installed across adventure parks, amusement parks, shopping malls, gyms, recreational areas, ski resorts, schools and universities, hotels, and more.
